'WIN A YORKSHIRE WEDDING' COMPETITION WINNERS TIE THE KNOT AT RUDDING PARK

"To win this wedding, it would just be,
a dream come true for him & me.
In beautiful Yorkshire, day until dark,
we'll celebrate our marriage at Rudding Park
No matter the weather, or details forgot
Will all be just perfect cos' we tied the knot."

Eloise Emmerson (nee Worrell), and Tim Emmerson from Pickering, North Yorkshire had the day of their dreams when they married at Rudding Park in Harrogate on Thursday 26 July, having won a Rudding Park 'Win a Yorkshire Wedding Competition worth over £12,000'.

Rudding Park partnered with a selection of the county's best loved suppliers including the White Wedding and Event Company (Yorkshire), Tim Hardy Photography, Flowers by Colette, The Event Music Company, Poppy Pickering Cakes, The Hair Studio and Ogden of Harrogate to provide one lucky couple with the chance to get married at Rudding Park, considered one of the most beautiful wedding venues in Yorkshire.

The competition, which was launched on Yorkshire Day last year, asked entrants to “tell us in no more than 100 words why a wedding at Rudding Park would mean the world to you”. Over 700 entries were received and suppliers met to make a shortlist of five who were then invited create a Pinterest Board in a bid to ‘Pitch to Get Hitched’.

The new Mr and Mrs Emmerson said “Marrying at Rudding Park really has been the most magical experience. We appreciate how lucky we were to win the competition. In fact we still can’t quite believe it! Every single aspect of the day exceeded our expectations – we couldn’t have wished for a more beautiful wedding venue, drinks, flowers, live music, cake, rings, the chance to have hair and makeup applied professionally and the photos have really captured the joy of the day.

Eloise and Tim were 17 when they met and became friends and kept in touch over the years. Eloise commented “who would have thought that nearly 20 years after we first met, we would be a family of five and newly married! I will always be so glad we took the risk to ‘see how things go’ all those years ago’. Things are now just how they were supposed to be, even if it did take us a while to realise it!”
